PROPHETS OF OLD

First to See Coming Of Prince of Peace

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — For centuries prophets have forecast the birth of a Christ Child and historians have made many references to the coming of a Messiah.

These are some of the names which have been applied to Him. Immanuel, Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of the Highest and Jesus.

Since the birth here today of the Wonderful child and the excitment and rejoicing that have followed local scribes have been searching history and the Bible and point to the predictions of Isaiah, Jeremiah, Micha and others.

The following quotations are given as vital to the Messiah's coming:

The Lord spoke again to Ahaz saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord. And he said, Hear ye now, O House of David . . . Behold a virgin shall conceive and bear a son, and shall call his name Immanuel. — Isaiah 7:14.

The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For unto us a child is born, unto us a child is given, and the government shall be upon his shoulders, and his name shall be called WONDERFUL COUNSELOR THE MIGHTY GOD, THE EVERLASTING FATHER, THE PRINCE OF PEACE, of the increase of his government and peace there shall be no end, upon the throne of David, and upon his kingdom, to order it, and to establish it with judgement and justice henceforth even forever.

The zeal of the Lord of hosts will perform this. — Isaiah 9:2-7.

I will gather the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord, that I will raise, and the king shall reign and prosper, and shall execute judgement and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, Our RIGHTEOUSNESS. — Jeremiah 23:3-6.

Now gather thyself in troops, O daughter of troops; he hath laid seige against us; They say smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem. Ephararath, though thou be little among the thousands of Judahs, yet out of thee shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . And he shall stand, and feed in the strength of the Lord, in the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth. — Micah 5:14.

In the sixth month the Angel Gabriel was sent from God unto a city of Galilee, named Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David and the virgin's name was Mary. And the angel came upon her, and said. Hail thou are highly favored, the Lord is with thee: blessed are thou among women. And when she saw him she was troubled at his saying, and cast in her mind what manner of salutation this should be, and the Angel said unto her: Fear not, Mary, for thou hast found favor with God.

Magi Followed Star To Find Son of Mary

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurance.

Three sages from the East, impressive in the richness of their many colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of the tiny babe.

They spoke briefly and eloquently of the prophecy. "There shall come a star out of Jacob and a spectre shall rise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

These three Magi who bear the names of Casper, Melchor and Balthazar, were familiar with the Hebrew prophecies which foretold the advent of the Messiah, and had long waited for the star, they said. To prepare for the promised King of Israel, they sold their possessions and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

When they were asked if the commonplace surrounding seemed out of keeping with Christ's significance, Melchor, the wise man, answered:

"The King we seek is not to be found in the palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happened long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificance of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be established forever in a new kingdom, the royalty of unconquerable love."

An intimation of the uncertain future was voiced when he added: "I do not know how the turbulent kings and people of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and lowly, the sorrowful and the oppressed."

'Mary Smiled at Me!' Simply Clad Boy Says

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1. — A young boy — one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stables when the presence of the child became known.

Rough clad, and plainly awed by his part in the divine drama, he gave the only clear impression gained of Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the east too preoccupied with the identity of the infant to notice details which the eye of a child seized upon.

"Everything seems so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say anything to anyone?" he was asked.

The lad flushed then confessed: "Joseph asked to me help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered low-like: "There wasn't any room for us."

"I felt sorry for her; and then she smiled again and just whispered: "But I like it here. The inn was so noisy, and the streets are full of loud people. The animals are peaceful. You mustn't feel sorry for us."

"I still felt strange. It is as though something too wonderful to talk about has happened to me, I can't explain it. But I feel so peaceful inside."

Shopkeeper Has Doubts About Jesus

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — "All the excitement has made more business for my shop but I do not believe he is the Christ."

That was the opinion of the proprietor of a small shop here who has not yet visited the now-famous birthplace of the infant-Jesus.

"I really believe this is just something arranged to make more entertainment for taxpayer week," he went on. "Why, the true Christ will be so mighty that there will not be a doubt by anyone when he comes. That light was just a falling meteor and those sleepy shepherds were startled by it. You know how a story can grow."

He said he had been too busy to go along with the crowds to the stable, and added that the innkeeper would probably have more business than ever.

"I have an extra room here at the back," he said thoughtful. "If I had only known — and he hurried to wait on a customer.

Herod in Dread, Seeks to Delude Sages from East

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — An apprehensive Herod sits on the throne of Judah, and is much disturbed at the significance of the Messiah in Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Christ's coming.

Then he summoned the wise men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's interview with these Eastern wise men say he was given only evasive answers.

Political commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a campaign of military invasions and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances. Palestine is one of these conquered countries and Herod is the King of Augustus's own choosing.

Some regard Herod's fear of a ruler who will overthrow him in a material sense as being unfounded.

They maintain that the significance of the Messiah is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than a military deliverer.

Brilliant Star Presaged Secret Mystery of Birth

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — Eminent astrologers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away.

Last night's star, they explained, resulted from the conjunction of two great planets, Jupiter and Saturn.

Astrologers See Tragedy, Sorrow For Holy Babe

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1. — Great tragedy will mark the future of the child born in Bethlehem, say the country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while he is still an infant, and because of an attempt upon His life, many children will be killed.

He will live to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable pathetic words which foretell the sufferings of the promised Messiah.

These reveal that He will be "despised and rejected of men, a man of sorrows and acquainted grief."

Their search of the records it is believed, will continue for many weeks and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their finds will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their efforts probably would be considered altered by further study and indeed, might be radically altered by results of research and study.

Magi's Wisdom is Greatest in World Declares Casper

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — This is what Casper, one of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own ignorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise but we ourselves understand that the darkness is equal to the light and that the conflict between them will never be ended."

Herod's Spies Said Departing Hurriedly For Jerusalem

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — Several known spies and two sychophants of the court of King Herod, who for the greater part of the morning have been furtively watching the stable wherein the King of Glory rests in his swaddling clothes, left and came bound presumably for Jerusalem.

Herod is known to be extremely interested in the journeys of the Magi to Bethlehem.

Lowly Shepherds First to Note Miracle

Long-awaited Messiah Born in Lowly Manger

The Christmas issue today tells the story of Christ's birth as it might have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written several years ago by a newsman and its use has become tradition with us. The dispatches are based on the story of the Christ child as it was originally written.

Eyes of All Judea Turn to Bethlehem As Word Spreads

Appearance of Star Convinces Inhabitants New Baby is Prince

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — The eyes of all Judea are turned with awe today upon this little town as the word emanates from it that the long prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confronted them with radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David, who Scriptures have said will reunite the scattered tribes of Israel and reign over them as the Son of God.

The appearance of a new star of Great Magnitude and luminescense, convinced them that it portends to the ancient prophecy.

The infant, born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph, a carpenter, was first discovered by a group of shepherds who received the news of His birth from a band of angels while they were tending their flocks in the low lying hills outside the city.

Descending in a blaze of heavenly glory that prostrated the litle group of men and boys with amazement, the divine visitors told them not to be afraid but to go to the stable in Bethlehem, where they would find the Christ in swaddling clothes and lying in a manger.

This the shepherds did, being guided all the way by an angel. There they found the child, but recently born, with his parents and stable animals. So deep was the conviction of the angel's message upon them, that they immediately accepted Him as the promised Saviour, and fell upon their knees and worshiped him.

Following in quick succession the visit of the shepherds was a caravan of wise men, or Magi, from humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, since they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

While the largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future Christ will come from a more significant source.

The whole atmosphere here has been one of unusual excitement for the past few days since that was the time decreed by Augustus Caesar for all tax payers in Judea to be registered. Mary and Joseph being of the house of David, were required to come to Bethlehem, and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not say no.

From the meager details gained from keepers of public places, it appears that Joseph had failed to make any reservation for lodging. The low temperature of the winter night forced them to the stable where they made themselves as comfortable as they could in the straw. They suffered no ill effects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy surroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

Great Joy Pervades City of Bethlehem

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — It is impossible to describe the feeling of great joy that pervades Bethlehem today as the coming of the long-heralded Messiah is realized by the majority of its inhabitants.

The shepherds probably experienced the most poignant sensation for it was to them that the news was first given. The little group who were guarding their flocks from foxes and wolves that still roam the hills of Palestine, speak with great wondering of last night's message from the sky.

The amazing light together with the chanting of a heavenly host has brought an incoherence to their speech; but the radiance of their face is more impressive than any words could be.

"An angel of the Lord suddenly flashed before us and the glory of the Lord shone all around us," one of them said.

"We were frightened but the angel said, 'Have no fear, This is good news. I am bringing to you news of great joy that is meant for all the people. Today you have a saviour born in the town of David, the Lord, Messiah. And here is a proof to you; you will find a baby wrapped up and lying in a stall for cattle'."

Then a host of heaven's army suddenly appeared beside the angel, extolling God and saying, "Glory to God in the highest, and on earth peace, good will toward men."

"Having sung this song, the angel went back to heaven, the light faded away, and all was dark as before."

"We began talking together about these strange sights and sounds," the shepherd related.

"We didn't stop to think what would happen to our flocks, or wait until morning, we went at once. When we saw all was as the angel had said, we told everyone about it."

Inn Keeper's Faith In Miracle Strengthens

BETHLEHEM, Dec. 25—Beginning of Year of Our Lord 1. — Bewilderment marked the features today of the keeper of the little inn where Mary and Joseph sought shelter last night. But behind the bewilderment could be sensed a dawning belief.

"There was something different about her face," he said of Mary. "It was tired — but different. And when Joseph turned away leading the ass she was riding, something about him too, made me want to call them back.

"I went to the stable this morning," he mused. "Only it didn't seem like the same stable somehow."

Mary and Joseph Both Descendants Of Royal Line

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1. — Although Mary, mother of the Saviour, and her husband, Joseph, live among the humbler folk here, where he is a carpenter, they are of the royal family of Judah and the descendant of King David.

The Jews keep exact lists of their genealogies thus explaining the present situation.

For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth 50 miles distant. But when the Emperor Augustus called for the regular 10-year census he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph belonging to the family of David were required to go to Bethlehem.

Christmas for the Orphans

Christmas may not be merry and bright this year for the girls at the House of the Good Shepherd in Mexicali, Baja California.

For 13 years the 150 helpless and almost hopeless orphans have enjoyed the largess of hundreds of San Diegans, and even some persons from Orange and Imperial counties.

They opened their hearts and their purses to bring the spirit of Christmas to the impoverished school, operated by Las Hermanos del Buen Pastor.

But this year they may not have the opportunity.

It all began in the fall of 1962, when a group of newspaper people were attending an inter-American press party in the abandoned yacht club near Rosarita Beach.

During the festivities, they became aware of little faces pressed against the windows, dark eyes watching them. Investigation showed that the club was being used as a summer home by the orphans from Mexicali.

In the course of conversation with the nuns in charge, two newsmen, Ken Reiley of La Jolla and Bill Giandoni, Latin American editor for Copley News Service, learned that the girls never had received a Christmas gift.

They asked the nuns to have each of the girls, aged 6 to 19, write to Santa Claus in care of Reiley's office. He was then an editorial consultant to the Copley Press in La Jolla.

Under the sponsorship of Sigma Delta Chi, the professional journalism society, with the help of The Copley Press, Inc., the letters were distributed to persons eager and able to buy a pair of shoes, pajamas, panties, stockings and other items.

When there were no more letters, cash contributions came in, along with some of the items really needed. Sheets, pillow cases, good warm clothing, bags of candy.

When word got around that only the little girls ever got milk, an avalanche of powdered milk poured in. There was enough for 2,500 quarts to be delivered to the barren kitchen store room.

Turkeys, bread, beans, flour, lard, sugar and ice cream for the Christmas meal were donated. There were Christmas trees and ornaments, even tires and a battery for the orphanage pickup truck.

There were so many contributions of goods that caravans of trucks and station wagons were formed to deliver them to the home.

This bounty continued each year through Christmas, 1974, with growing participation by individuals and groups. Reiley spearheaded the effort, with his Copley Press offices as headquarters.

But at the end of 1974, Reiley's employment was terminated. He joined King Features Syndicate as western sales representatives. He had to notify the nuns that, because of his travels in new job, he could not actively lead the Christmas effort.

At his suggestion, the nuns wrote Mrs. Helen K. Copley and Sigma Delta Chi, asking for continued support, as in the past, with someone else in charge.

Through a spokesman, Mrs. Copley replied that the program had been a personal project of Reiley's and that her company was not in a position to continue its support.

Sigma Delta Chi announced on Thanksgiving Day that its annual Christmas Orphan Project will be discontinued this year "in favor of another equally charitable project."

"The reason for the modification is a change in the purpose of the House of the Good Shepherd," wrote Bill Arballo, president of SDX, to former contributors. "When Ken and a handful of others began the project, the school was dedicated to caring for orphan or abandoned girls.

"Today, the school houses largely wayward girls and has become more or less a detention home, although there are some homeless girls housed there as well."

For that reason, Arballo said, SDX intends to maintain its Christmas tradition by caring for the needs of 150 children at the Pala Indian Mission in northern San Diego county.

He said there is no great need for clothing, either new or used, at the mission, but "there is a need for toys, dolls, fruit, candy, jelly, etc."

So, the outlook for the holidays is bleak for the girls, orphaned or wayward, at the House of the Good Shepherd.

The Lemon Grove and Spring Valley chapter of Soroptomists International were active contributors in the past to the orphan project.

When they learned from the Arballo letter that it was to be discontinued, they decided to do their best to keep it going.

"It was too late to plan on the scale that was done in the past," said Mrs. Rose Cottam of the Soroptomists. "So, we are asking only for cash contributions for the House of the Good Shepherd this year. If we're successful, we may continue the project next year."

Persons who wish to contribute to the House of the Good Shepherd may do so by sending a check to Christmas Fund, care of Soroptomists, Post Office Box 518, Lemon Grove, CA 92045.

Bat Rabies Warning Given to Pet Owners

The sixth reported case of rabies in the County this year has been confirmed by Dr. Hubert Johnstone, County Veterinarian.

The rabies carrier was a bat found on Scripps st. in the University City area of San Diego.

The bat had contact with two owned cats which were put to sleep, because they did not have current rabies vaccinations. Had the cats been vaccinated it would have only been necessary to give them a booster vaccination and observe them for 30 days.

Pet owners in rabies areas requires all dogs over 4 months of age to be vaccinated against rabies. Revaccinations are required every 2 years. Vaccinations are available from any veterinarian or at rabies vacination clinics at County Animal Shelters and other locations. The clinic most convenient to the affected area is at 1104 Azusa st. on Tuesdays 2-4 p.m. The fee is $2.

Rabid bats have been found County wide, Dr. Johnstone said.

Cats should also be vaccinated. The S.D. Veterinary Medical Assn. provides a rabies vaccination clinic for cats from time to time.

Anyone finding a bat should be very careful not to be bitten.

Assistance in obtaining rabies examinations on suspected bats can be obtained by calling the County Veterinarian's office at 565-5394.

LAFCO OKs Cityhood for L.G.

Boundary Dispute With La Mesa Is Obstacle

The Local Agency Formation Commission (LAFCO) Monday put its blessing on Lemon Grove becoming a city.

The next official step will be a public hearing before the County Board of Supervisors —probably in mid-February.

But between the two hearing there are roadblocks.

State law says there shall be no unincorporated islands left as a result of incorporation.

Proponents of incorporation wanted a north boundary at about Pearson st. in Vista La Mesa — that area being north of freeway 94. It's roughly the north boundary of the Lemon Grove Fire Protection District.

In order to avert an island, La Mesa had proposed to annex all of the area north of the freeway.

LAFCO sees the north boundary at University ave.

Before the supervisors can have a hearing, an agreement must be reached on the north boundary.

If La Mesa files an official objection, it is likely the supervisors will make the freeway the boundary. With the freeway goes 200 feet of land, on the south of it, which would put much of North ave. in the City of La Mesa.

Boundaries

LAFCO approved the four-square-mile city bounded by Sweetwater rd. on the east; the city of San Diego south and west and freeway 94 plus a line along Pearson north of the freeway in the Vista La Mesa area. On that part, Massachusetts would be the west boundary.

At the 3½-hour meeting Monday many of the 150 citizens spoke on the subject but no one spoke against Lemon Grove becoming a city.

Dissention was over the north boundary.

There will probably be negotiations between La Mesa, LAFCO and the L.G. Incorporation Committee before the supervisors' hearing is set. LAFCO Commissioner William Karn said the boundaries could be modified. "I don't see the incorporation of Lemon Grove hanging on the city fathers of La Mesa."

A tax rate of 89 cents is predicted. This is up substantially from the original estimate because it contains the cost of the Fire District rate of 82 cents. Originally, it was predicted in the study produced by the County Board of Supervisors that the rate would drop about 40 cents from the current rate.

Tax Rate

However, the tax rate won't be set until the supervisors call the public hearing. By then the boundaries and services must have been decided upon. Boundaries and services together with income from sales and other taxes; subventions and other income will be figured and the difference between income and expenses will be the basis for the tax rate.

If the supervisors' public hearing is called for mid-February, the election can come at the end of June.

A simple majority of registered voters is required. The City of Lemon Grove would be formed on July 4th — in the 1976-77 fiscal year. The county will supply all present services, without charge to the city, during the year in which it it is formed.

That would mean a year's free service for the new city —if incorporation is approved in June.

The Great Gildersleeve is coming to town!

Taylor Heads '76 Sup Group

North County supervisor Lee Taylor has been named chairman of the Board of Supervisors for 1976 and Fourth District supervisor Jim Bates has been named vice chairman.

The new appointments become effective Jan. 6 and terms are for one year.

Taylor was appointed Fifth District Supervisor in August 1973 to fill a vacancy left by William Craven who was elected to the State Assembly. Taylor was elected to his present position as County Supervisor in November 1974 and his current term expires in January 1979.

Before being appointed, Taylor owned Taylor and Sloan Inc., and Taylor and Sloan Construction Co., Inc. which have since been dissolved. He is a limited partner in Taylor and Holmes Construction Co., an underground utilities contracting firm.

Bates was elected in November 1974. His term expires in January 1979.

Prior to his election as County Supervisor, Bates was a San Diego City Councilman from December of 1971 to January of 1975.

Taylor succeeds Supervisor Dick Brown as chairman, and Bates replaces Taylor as vice chairman.

Retirement Ends 23-Yr. Career Of SV Postman

John M. Sunderson has stepped down as assistant postmaster at the Spring Valley Post Office, Postmaster Bill Fitzpatrick announced this week.

Sunderson, 62, retired after a year's sick leave and open heart surgery from which he has now recovered. He had been with the Spring Valley post office 23 years.

Sunderson moved his Minnesota family to Spring Valley in 1950 and started working as a carrier-clerk at the post office two years later when it was located in the old Gressers Grocery Store at Bancroft and Campo roads.

He was promoted to superintendent of mails in 1966 and to assistant postmaster in 1970.

He is a former Navyman who served three years aboard the U.S. Enterprise during World War II.

Sunderson and his wife Helen reside at 3892 Rogers rd. in Spring Valley. They have a daughter and two sons, all married.

Holdup Suspects Caught in Chase

A high-speed chase through Lemon Grove and Spring Valley Sunday resulted in the arrest of two men on suspicion of armed robbery.

The men, both unemployed, are Len Earl Coleman, 24, and William Dailey, 22. They are neighbors of a 60th st. address in San Diego.

Sheriff's deputies reported that two men pointed a shotgun at the clerk of a 7-11 store at 2480 Bancroft dr. in Spring Valley about 4:30 a.m. Sunday and demanded money.

Sheriff's deputies sighted the suspect's car.

The car was stopped after police closed in on it south of Skyline dr. The men fled into a canyon where one man surrendered and the other was flushed out by officers using spotlights.

It was not learned how much money was taken in the holdup.

ARCO Dealers To Get 'Day in Court' Says Van

A bill offering independent gas station operators and other franchise holders a "day in court" to challenge decisions of their parent corporations has moved to the head of the legislative agenda of the House. Subcommittee on Consumer Protection and Finance, Rep. Lionel Van Deerlin, D-San Diego, chairman of the subcommittee, said in San Diego Saturday.

Van Deerlin told the San Diego ARCO Dealers Assn. the legislation could help them in their efforts to get ARCO to relax regulations forcing some local stations to stay open 24 hours a day.

He said the legislation, introduced by Rep. Abner J. Mikva, D-Ill., would allow franchisees to sue in federal court for relief from burdensome requirements written into lease agreements.

"It would be up to the courts to decide," Van Deerlin said. "In general, a company like ARCO would be sustained if its requirements were deemed both essential and reasonable."

Unsound Conservation

Some ARCO dealers have complained to Van Deerlin they lose money having to stay open all night. They also say making gas available at all hours is an unsound conservation practice.

Van Deerlin said the Mikva bill would require companies to give dealers 90 days notice before cancelling or refusing to renew a franchise. About 30 San Diego area ARCO dealers have been forced out of business in the past year, he added.

The bill also would cover franchising operations in such industries as fast-food, convenience grocery and automobile retailing. "The basic purpose is to instill some equality in what is now clearly an unbalanced relationship between holders and bestowers of franchises," Van Deerlin said.

He said he hoped hearings on the legislation could begin in February.

DECORATOR'S DELIGHT — An effigy of Saint Nick tops the "Grand Trophy" of the Spring Valley Chamber of Commerce Christmas display contest. Three divisions — houses and apartments, trailers and businesses — compete in three categories: window, doors and outside displays.
Deadline for entering is Friday and judging will be held on Monday. One of the contest judges is Jim Young (left). Thelma Lewis, contest co-chairman, holds the trophy. Applicants should call the Chamber of Commerce at 466-5736.

1,200 Cops on Road; Target Drunk Drivers

Police of 13 cities, the Sheriff's Department and the California Highway Patrol said this week that 1,200 officers will patrol the streets and highways in San Diego County in an all-out effort to reduce holiday drunk-driving accidents and fatalities.

Erratic driving, speeding, driving with high beam lights and running stops will be the basis for some of the stops. Drinking drivers will be tested and those with blood-alcohol levels above 0.10 percent —over which level the driver is presumed to be under the influence of alcohol.

Random stops will not be made.

Best advice is to let a non-drinker drive the party-goers.

Taxi fare is less trouble and less expensive than a drunk driving charge.

Hosts and bartenders assume certain responsibility when plying a drunk with more alcoholic beverage.

Vacation Months Over; Gas Usage Drops 8%

Gasoline consumption by California drivers decreased in September by a hefty 8 per cent from the peak vacation month of August, according to John W. Lynch, Chairman, State Board of Equalization.

Lynch said that September gallonage was 2.7 per cent higher than that of September 1974, but only 0.8 per cent lower than totals in the pre-energy crisis month of September 1973.

Snow World Added to SD Sea World

Tons of snow will fall at Sea World Saturday to be used as a playground for kiddies—and grownups, too.

The snow, 18 inches deep, will cover an 8,000 square-foot area which will include a 20-foot-high slope for sliding on snow mats provided by Sea World.

Guests will be served hot-chocolate after the snow-fun play.

Surrounding Snow World is a miniature Alpine Village with moving snowball-throwing targets. Pine trees will deck the area with heaters set up in the picnic area. Lights will permit after dark parties.

Sea World is open daily from 9:30 until dusk with night parties scheduled for after normal closing hours.

All attractions, including Snow World, come with the admission price of $5 for adults; $2.75 for children 4-12, and under 4, free.

Snow World will be in operation from Saturday through January 4.

Back County Areas Forming All-Volunteer Fire Departments

By John Kowalczyk

A move is afoot to free the California Division of Forestry (CDF) of its role in fighting back county structural fires. Small community fire departments, including one in Jamul and another in its nearby neighbor Deerhorn, both east of Spring Valley, are now developing.

A staff of 35 Jamul residents have voiced support for the volunteer fire program in that area. Elected last month as the force's chief is retired Spring Valley Assistant Fire Chief True Butler.

According to Butler, 15 men have trained for the fire fighting certificate; another 16 will attend sessions in January.

Women's Auxiliary

There are four women on the force's auxiliary, none of which are actual fire fighters. Auxiliary women will help in relaying telephone information in times of emergency and in transporting firemen to the scene.

"We don't have anything against women training for the fire fighting," Butler said, "We just don't have any that are interested."

Butler said his department would welcome more volunteer fighters and auxiliary personnel. Interested Jamul-Spring Valley residents may contact Butler at 466-0057 or Assistant Chief Grant Valentine at 469-3986. New sessions for advanced first aid and fire fighting begin after the first of the year.

Don Payne, chief of the all-volunteer Deerhorn force, says that nearly 40 people have offered their services. Seven of those are women.

Training in El Cajon

The fire fighters are trained at the Heartland Training Facility in El Cajon by certified instructors who are furnished at County expense. Each volunteer must pass a two-day (18-hour) training session in fire suppression which earns them a state certificate. Also, the firemen must obtain training in advanced first aid and cardio-pulmonary resuscitation and receive cards verifying these skills.

The three-phase training is by no means a full course for the firefighter, confesses Joe Alkire, a representative of the County Office of Emergency Services, the man in charge of training.

"We have 22 now and hope to have up to 40 staff trainers, one for each firefighting unit, by the time we have all stations self-initiating," he said. That should be in 1977.

In addition to training manpower, the County will also provide equipment. The ultimate plan is to furnish a fire engine, pumper and pick-up truck to each unit. The equipment will be stationed at the homes of volunteers or on public property until a storage site is found.

Jamul is due to receive one of the surplus fire engines soon. It is currently under repair.

BoS Money Saver

The development of the volunteer fire departments in outlying communities in the county emerged this summer when a county contract with CDF expired without renewal. The County board of supervisors, acting in response to a survey on back county fire protection begun in 1973, decided that it was a cheaper proposition to develop all-volunteer departments in these communities than to pay the CDF for protection.

CDF will continue to respond to fire emergencies in the back county in areas where departments are not yet in operation.

Jamul's facilities are expected to be in operation by July, 1976.

IRA, Keogh Deadline Nears

Many people may have overlooked an important date — December 31.

That's the deadline for starting a tax sheltered retirement program for employees or self-employed individuals, and effect substantial reductions in their 1975 federal income tax.

"To encourage all eligible people to establish their IRA or Keogh plans between now and the end of the year, Gibraltar Savings will pay the mandatory $7.50 first-year trustee fee on either type of account," said Rose Harris, assistant vice president and manager of Gibraltar Savings' Lemon Grove office.

Mrs. Harris said the Individual Retirement Account (IRA) will allow an employee not covered by any pension plan in 1975 to deposit the lesser of 15% or $ 1,500 of his income each year and deduct that amount from gross income for federal income tax purposes.

The Keogh Plan (also known as H.R. 10) on the other hand was created by the federal government in 1962 for self-employed persons who contribute not only on their own behalf to a retirement plan, but also are required to contribute on behalf of their eligible employees. This plan permits a current federal tax deduction of the lesser of 15% or $7.500 of net income deposited into a Keogh account.

"The advantage of both plans," Mrs. Harris says, "is that you not only legally cut your 1975 income tax but also pay no current federal tax on interest earned. Naturally funds withdrawn at retirement are taxable, but a more favorable tax bracket at that time is presumed."

To qualify for 1975 income tax advantages as well as the $7.50 trustee fee payment by Gibraltar, an IRA account or Keogh Plan account must be opened before December 31, Mrs. Harris said.

THIS CHRISTMAS LET YOUR SPIRIT OUTSHINE YOUR LIGHTS

Christmas is the busiest time of year for elves, mothers, reindeer . . . and SDG&E. Since home Christmas lighting is such a big energy gobbler, we'd like to suggest some ways to keep your holidays bright but a little less electric.

Think small but sparkly! Try miniature lights this year . . . a 25-bulb string uses only 48 watts, compared to 250 watts for an outdoor string and 150 watts for indoor.

A little light goes a long way to say "welcome" or "happy holidays." So light just the wreath on your door, your prettiest shrub, one window or maybe a lamppost.

Use mini-lights on your tree . . . then double their glow with shiny, reflecting tinsel and ornaments. Try making your own out of foil or can tops.

Instead of lighting all outdoors, create a cardboard or plywood Santa. A snowman. Or a manger scene. Then spotlight it. You'll have fun, an original work of art, and you'll use only 150 or 75 watts.

To make the most of your lights, turn them on only when your whole family can enjoy them . . . then turn them off a little earlier than usual. And please don't leave them burning when you're not home.

Make this year's tree an old-fashioned family project. String popcorn and cranberries. Hang candy canes, homemade cookies, bright red apples. Tie on colorful bows. Then instead of several strings of lights, use just one spotlight to show off your handiwork.

We wish you and your family the brightest Christmas light of all . . . and the greatest gift: a spirit of love, hope and sharing which shines all year.

TAKE FIVE

By John E. Wirges

"The "chicken wire" is down. It had its day and is now done. Gone is the wire barrier from the rink top and not a tear has been shed for its going. It's Peter Graham's way of saying Merry Christmas to San Diego.

The wire was obsolete when it went up to welcome the delayed home opener of the San Diego Gulls way back in 1966. But nobody knew it then.

San Diego hockey fans were so ill informed about the game they stood and cheered when the puck switched over and put the Gulls on offense for the first time on home ice.

The finishing touches of the arena, things like seats, ice and the chicken wire screen enclosure, were well behind schedule getting up and forced the Gulls to play their first 17 games on the road.

The Gulls played in the comfortable Western Hockey League and for a long time there was little said about the protective device circling the ice. For the most part, the fans didn't know any better and the players were just happy to be working somewhere at their trade.

But, with time comes the smarts, and in the latter years of Gull history, folks tended to wonder out loud why all the "new" rinks had beautiful "see-through" glass around their ice while the Gulls were obscured by chicken wire, like a bunch of prisoners in some far off Arctic bastille.

And then Peter Graham exploded on the scene and assumed the reins of Arena doings. Peter is really a likable fellow, despite his tendency toward violent argument and embattlements without quarter asked or given.

He put up his money and paid his bills and told the rest of the world to take a long walk off a short pier.

He challenged the Gulls, Bob Breitbard, the city of San Diego and, in due course, the American Basketball Association. Later he faced the National Hockey League, read in depth their intentions and threw his support to the rival World Hockey League.

Breitbard and Graham battled to the wire about rent, conditions, rent, parking, rent, lights, rent, clean up, rent, security and rent. The Gulls played without a contract, going from game to game on mutual distrust.

There was never much talk about changing the wire screens to the modern glass. By the time they got that far down the list of agenda items, they were already not speaking again.

Then Graham killed the Western Hockey League by backing Joseph Swartz and the World Hockey League instead of waiting for the National Hockey League to fulfill their promise for expansion with Breitbard.

At the time Graham was labeled a "bad guy." Here and elsewhere he was vilified for his villainry in dumping the established for the upstart.

It wasn't until 20/20 hindsight illuminated the scene a few weeks ago, when Jack Kent Cooke greased the skids under the San Diego Sails and bared his power and might in pro-basketball circles, that Peter's words were remembered, given proper credit.

"There never will be a National Hockey League franchise allowed in San Diego," he told this reporter at the time. "We never had a chance."

Jack Kent Cooke, who also runs the fabulous Cooke House in Inglewood, owns the Inglewood Lakers of the NBA and the Kings of the NHL. He reportedly wields such power in the cage councils that the Sails were dropped from merger plans, hasting that club's demise.

Credit Graham with understanding the name of the game with great immediacy. Graham apparently reads Kent Cooke like a book. In any event, he turned his back on suspect promises and took in Mariners.

The Mariners, up till then kicked from pillar to post, were happy to play anywhere, chicken wire or no. But after they got their skates firmly on the ice, they attempted to squeeze glass out of Graham.

The surest way to get nothing done is to tell Peter Graham he has to do it. He doesn't fold, bend or spindle easily. Ask Pete Wilson, Leonard Bloom, Clarence Campbell (NHL), Bob Breitbard, the Republican Party, et al.

But Peter knows hockey, and nobody is pushing the issue outloud so, the glass will be up for Thursday's game. And it's being done Peter's way.

Rainfall Here Totals Half Inch

The week-end storm wetted down San Diego County and dropped snow on the mountains to the east, left nearly a half inch of rain in the Lemon Grove-Spring Valley area.

The storm brought this year's total to 1.37 inches. By the same date last year the total was 3.57, according to Jim Nicodemus, official meteorologist with the local Fire Department.

Chargers Beat N.Y. Jets With 52,446 Fans in Stand

The San Diego Chargers end their 1975 season against the Cincinnati Bengals at Riverfront Stadium in Cincinnati Sunday. Kickoff for the telecast game is 10 a.m. San Diego time.

The Chargers (2-11) have won their last two games. Before a national television audience and a San Diego Stadium crowd of 52,446, the Chargers beat the New York Jets, 24-16, on Monday night.

The Bengals (10-3) need to win Sunday to ensure a wild card berth in the American Conference playoffs. They lost to the Pittsburgh Steelers, 35-14, last Saturday.

Cincinnati is the No. 1 passing team in the American Conference and has one of the best aerial combinations in the NFL in Ken Anderson to Isaac Curtis.

Unsung among quarterbacks, Anderson leads the NFL in passing yardage with 2,953. Curtis is the former San Diego State blazer, who has caught 44 passes for 855 yards with a 20.9 average and six touchdowns this season.

Coach Paul Brown's Bengals rank third in offense and second in defense in the American Conference.

Game No. 2

Rising to the occasion of the Monday night spectacle, the Chargers played with vigor in subduing the Jets, 24-16.

"In the crises we came through," said Charger coach Tommy Prothro. "We came through on defense with our stand at the goalline and when we had to score we kept the ball on the ground and ground it out."

Led by rookie Rickey Young, San Diego rushed for 249 yards. Young accounted for 111 yards with a 5.3 average and one touchdown. Bo Matthews contributed 61 yards with a 4.7 average and one touchdown. Tony Baker scored the other Charger touchdown.

Ray Wersching made his longest NFL field goal of 45 yards. With two catches, Gary Garrison boosted his career total to 401.

Chris Fletcher intercepted two passes to raise his season's total to six. Strongside linebacker Don Goode made nine tackles and knocked down three passes.

"The goal line stand was magnificent," said Charger offensive captain Russ Washington in proclaiming game balls to the entire defense and coach Tommy Prothro.

"It was a great thrill," said rookie defensive tackle Louie Kelcher, who made a great play on the final tackle. "It was the biggest thing for us all season."

Friars Choose Women in Draft

The San Diego Friars, seeking to strengthen their women's roster for the coming World Team Tennis season, drafted both experience and promise at the league draft.

Linda Boshoff, only 20 and already a quarter-finalist at Wimbledon, and Nancy Gunter, formerly this country's top female player and presently ranked eighth in the world, were San Diego's 1-2 selections.

"We only drafted players whom we believe we have a good chance to sign," said Allan Kingston, Friars' president.

Other San Diego draft selections were Janice Wetcalf, Charles Pasarell, Kazuko Sawamatsu, Glynis Coles, Jaime Fillol, June Stratton, Peter Fleming, Balozs Taroczy, Sue Mappin and Pancho Segura.

The draft proceedings were overshadowed by the league's announcement that Ilie Nastase, recent Grand Prix winner, had signed a WTT contract to play with Hawaii.

"Having Nastase in the league may be of even greater significance than the recent signing of Chris Evert (who will play for Phoenix)," Kingston said.

Hawaii visits San Diego three times during the Friars' home schedule, which starts late April.

Christmas Ornaments Stolen

A thief with some sort of Christmas spirit in his heart broke into the tool shed owned by Joseph Butler Carroll, 72, of 2234 Morose st., Lemon Grove on Monday and took all of his Christmas ornaments.

Carroll, retired, said he had seen the ornaments the previous week but when he went to set them up he discovered his loss which he said was $600.

Retire rich.

THE SECURITY RETIREMENT PLAN
an Individual Retirement Account.

Put up to $1500 each year in a tax shelter.
Earn the Bank's top interest.
Save taxes on the interest, too.

You can build a small fortune, and use it to supplement your Social Security retirement benefits.

Your Age Now	Total Deposited by Age 65		Total Interest Earned by Age 65		Your Total Nest Egg by Age 65*
30	$52,500	+	$207,175	=	$259,675
35	$45,000	+	$127,592	=	$172,592
40	$37,500	+	$ 75,033	=	$112,533
45	$30,000	+	$ 41,973	=	$ 71,973
50	$22,500	+	$ 20,639	=	$ 43,139
55	$15,000	+	$ 8,252	=	$ 23,252

*The above figures assume that you contribute $1,500 each year with no withdrawals and that your money earns 7.5% annual interest, the current maximum rate of interest allowed by law.

Give yourself a tax break. In addition to building a substantial nest egg, the Security Retirement Plan also allows you a considerable reduction in your current Federal income tax payments. The plan also allows you to defer paying taxes on the interest you earn.

How to make your savings snowball. Each year, you can put aside up to $1500 or 15% of your annual compensation for personal services—whichever is less—into your Security Retirement Plan. Save as much or as little as you wish.

Your savings accumulate and grow from the day of deposit. When they total $1000, you can have your money automatically invested in a Maxi-Growth Account, where it earns the highest interest rates permitted by law from the day we invest it.

What's so special about the Security Retirement Plan. It's flexible. Choose from two options; The *Maxi-Growth* or the *Do-It-Yourself* Plan.

To receive the full benefits of the Security Retirement Plan, put your qualifying savings—in a lump sum or in periodic deposits—in an Accumulation/Maxi-Growth account. The money you deposit earns interest from the day of deposit at our current regular savings rate. Each time your account reaches $1000, we automatically transfer those funds to your Maxi-Growth account.

If you prefer to do your own planning, choose the Do-It-Yourself option. Deposit your Security Retirement Plan funds in a lump sum each year. Or, make deposits throughout the year ($100 minimum). Specify that the money you deposit is for your retirement, and put it into the high interest earning Security Retirement Plan that pays selected rates of interest. If you like, we can tie the maturity dates of your savings to the day you retire, assuring you of maximum earnings and immediate availability of your savings on your retirement date.

How to start getting rich. Almost 50% of American workers qualify. You can start your Security Retirement Plan at any of the nearly 500 offices of Security Pacific Bank. We'll give you a free booklet that describes the plan in greater detail, and we'll be glad to answer any of your specific questions personally. The sooner you start, the richer we can make you.

Inflation Slows on Gov't Paid School Lunch

The U.S. Department of Agriculture has published its annual survey of the public school lunch program in cities with populations of 100,000 and over.

The publication contains pertinent information on schools and children participating in the National School Lunch Program (NSLP), the School Breakfast Program and the Special Milk Program as well as on schools with no lunch program and those with programs other than the NSLP.

Part of the report indicates that the average cost to each child for a school lunch incraesed about $2 between March, 1974 and March, 1975, which represents an overall increase of 4.16 per cent for that year as compared to an increase of 11.37 per cent for the previous year.

The data used in the survey comes from reports submitted from 152 cities. This year 13,722 public schools participated.

Copies of the report may be obtained by writing to Child Nutrition Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C. 20250.

IRS Correcting Errors

Some 64,000 Southern California taxpayers will receive a special form in the mail from the Internal Revenue Service Center in Fresno.

Recipients are being asked to verify the spelling of their names or to provide the IRS with correct social security numbers.

The purpose is to correct errors on documents submitted to IRS by employers and lending institutions. Not directly involved are additional taxes or discrepancies in amounts reported, according to IRS.

Some taxpayers may receive more than one notice. Those persons are advised to complete each one and return them to the Fresno service center.

Walt Kenrick in Race For Dick Brown's Post

Walt Kenrick, 42, a 20-year veteran of the Sheriff's Department and for many years an East County civic worker, has announced his candidacy for the Second District Supervisor seat being vacated by Dick Brown.

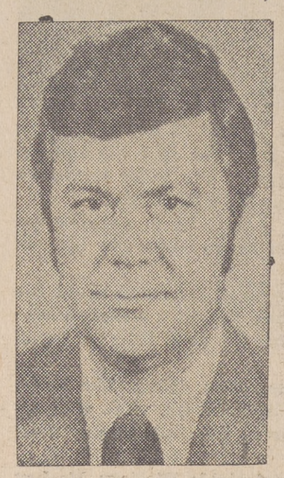
Kenrick blasted the "continual bickering and in-fighting among Board members" and said if elected he would hope to be a calming factor and source of accord.

I want to be a problem solver and problem preventer instead of a problem producer and problem prolonger," the sheriff's sergeant said in a statement.

Kenrick, a resident of the Second Supervisorial District since childhood, cited taxes, crime, and public-employee discord as areas of his special concern.

"It is my goal to hold the line, indeed to seek ways to roll back, the county property-tax rate and additionally to search for a means to call a moratorium on increased property assessments Kenrick said.

Kenrick said he is a hard-liner on crime. "From years of experience in direct contact with the lawless element, I



Walt Kenrick

think I know what is hampering effective law enforcement," he said.

"This ranges from laws that hamstring the officer in the field to a judiciary often more concerned with coddling the criminal than protecting the law-abiding citizen."

As a public-employee representative who has been commended by the State Legislature, Kenrick is an authority on labor-management problems in public service. He said he believes public opinion, when adequately informed, is the most effective factor in righting inequities.

"I completely oppose strikes by public employees and believe that the process of setting wages and benefits should not be allowed to reach the point where such a drastic step is considered," Kenrick declared. "I also believe that binding arbitration is not the solution."

Kenrick said that if elected he would not be eligible for a sheriff's retirement pension, a question he said some persons had raised. "Nor would I accept it even if it were available as long as I draw the salary of a Supervisor," he added.

Married and the father of two teen-age daughters who attend Grossmont High School —the fourth generation of Kenricks to do so — Kenrick resides at 5842 Dugan ave. in La Mesa.

Coastal Bike Path Planned as Cyclists' Bicentennial Salute

Next spring, thousands of touring cyclists will peddle the California coast when it becomes part of a national system of bike trails under the "Bikecentennial '76" program.

Mapping and signing of the 1,000-mile route will be done by the California Department of Transportation (CalTrans) with the help of a matching grant from the American Revolution Bicentennial Commission of California.

CalTrans bike coordinators in San Diego and four other coastal cities are now gathering information for a special coast cycle-touring guide which will be available from CalTrans in spring.

Tour Book

The guide will be 40 pages depicting 40-50 mile sections of the route. It will include information of special concern to the cyclists, such as weather characteristics, grades, overnight facilities or lack of them, bike laws and safety tips.

Special bicentennial signs will be erected to alert motorists that cyclists may be on the route. California's "golden eagle" bicentennial emblem and a cyclist in silhouette will be the signs' design. The signs will also direct cyclists to established bike paths or local streets when the route leaves the highway.

The route opens officially in in April when Jim Richardson and Linda Thorpe of Santa Ana, the cyclists who researched a cross-country "Bikecentennial" route, take to their red-white-and-blue tandems for an inaugural ride. They will begin at the Oregon border and work their way south to Mexico, stopping in bicentennial towns and promoting cycling along the way. The trip is estimated to take four weeks.

Biking Increases

"There has been a big increase of interest in biking the coast in the past few years," Rogers said. "Two years ago we issued a one-page hiking/biking guide of the coast and have since distributed over 15,000 copies."

Rogers emphasized that the coast is not a place for the casual cyclist. "Persons who ride it should have experienced cycling on narrow roads with fast-moving traffic and should be in good physical shape so they can take the hills and curves. Much of the coast is no place to take the family on a Sunday afternoon bike ride," he said.

Experienced cyclists who are interested in the route may reserve maps or obtain additional information by writing the CalTrans Non-Motorized Section, 2520 Marconi avenue, Sacramento 95721.

The public is invited to the performance to begin at 1 p.m. in the courtyard. A five-man troupe makes up the cast and crew.

4 Named to Davis Y Board

The Board of Managers of the Davis Family YMCA in La Mesa added four new members to the board recently. All residents of the East county, they are Norman Rubey of El Cajon, manager of the Payless Drug Store in Town & Country Shopping Center; Roy Williams of La Mesa, principal of Parkway Jr. High; John Polak of Harbor Management, La Mesa, and Rev. Richard Kendall, of the First United Methodist Church in La Mesa.

The Davis YMCA serves La Mesa, El Cajon. San Carlos, Santee, Lakeside, Spring Valley and Lemon Grove.

Eggert Wins Post On ACWA Board

Helix Water District Director Nat Eggert was elected to the Assn. of California Water Agencies (ACWA) board of directors and executive committee during the organization's recent conference in San Diego.

First step in the progression was Eggert's election as vice-chairman of the Irrigation Disticts section. The section also elected him to the board, which in turn elected him to the executive committee.

He is assistant treasurer of the California Water Resources Assn. and is active in professional accounting organizations.
